# Comberton

Copyright Paul Hardy, March 2001 - November 2002. Issue 3/11/02  
 This map was created based on pre-war Ordnance Survey County Series maps registered by GPS satellite observations. It was then updated from amateur aerial photography, GPS data, field observation and local knowledge.  
 The resulting map is free of Crown or other third party copyright (see www.hardy-systems.co.uk/comberton/map).  
 Paul Hardy grants free use of this map for non-commercial purposes which benefit the village of Comberton, provided that this copyright notice is retained.  
 Nominal scale is about 1:10000 at A3 (1:8000 at A1). Accuracy is 10 metres at best. Coordinates are OSGB National Grid (TL3856), with grid squares at 500m intervals.  
 This map is provided 'as is', based on best effort in free time, and is not definitive. Corrections of errors welcomed.  
 P.G. Hardy, 15 Kentings, Comberton, CAMBRIDGE, CB3 7DT, paul@hardy-systems.co.uk
